Career Object

To secure a challenging position as a web developer in a dynamic organization where I can utilize my technical skills and creativity to design and develop innovative websites. My goal is to work collaboratively with a team of professionals to deliver high-quality products that meet and exceed client expectations, while continuously learning and growing my skill set in this ever-evolving field.

Skills and Technologies

Proficient: HTML, CSS, Tailwind, Bootstrap, javascript, ReactJs, ES6, React Router, NodeJs, ExpressJs, MongoDB.

Familiar: NextJS, Redux, Redux Toolkit, Mysql, PHP, WordPress

Tools: Vs code, git, GitHub, vercel, Figma, Chrom dev tools.

Personal and Side Projects

Sold-Out: Sell Used Product- [Website](#) | [GitHub Repo](#)

- admin, seller, and user 3 individual dashboard
- I have implemented 2 custom authentication using node MongoDB Authentication and Firebase signup with Google and GitHub authentication.
- Built protected routes so that unauthorized requests are not processed.
- Dark mode and stripe payment gateway
- Technology: React, Node, MongoDB, Express, Tailwind, Firebase, Stripe, React Router

3D T-shirt: Customize T-shirt - [Website](#) | [GitHub Repo](#)

- Built a robust user interface that allows users to customize and design their own t-shirts in real time easily.
- Utilized three Js to create a 3d model of the T-shirt enabling users to view their design from all angles. And framer motion animation to enhance user experience
- Implemented valtio to manage the application's state, ensuring smooth efficient performance.
- Technology: React, ThreeJs, valtio, framer motion, react color, tailwind

Code editor: write code online - [Website](#) | [GitHub Repo](#)

- Developed an online code editor like CodePen using React, which allows users to write and test code in real time.
- Utilized React's component-based architecture to create a modular and scalable codebase, resulting in improved performance and maintainability.
- Technology: Reactjs

Education

National Polytechnical Institute, Diploma in Computer Science and Engineering, 2017-2022

Course and Certification

Complete web development by programming hero
